

QUESTIONS TO ASK A ROOFING CONTRACTOR

The following questions should be asked when interviewing roofing contractors. Print this sheet and document answers to compare which roofing company you want to work with.

How long is your workmanship warranty?

What type of underlayment will you use on my roof?

[]

[]

How long will it take to complete the roof?

Have you installed a roof in town recently and if so, can I contact a reference?

[]

[]

How are you planning on ventilating the attic space under my roof?

Will you replace any damaged wood before installing the new roof?

[]

[]

Will I have to give you money upfront for the new metal roof?

What type of pipe flashings will you use on my roof?

[]

[]

Do you have workers comp. and general liability insurance? If so, can your insurance agent email me your insurance certificates?

[]
